Renault MASTER

Efficient, practical and versatile

5th January 2016
Manufacturer's recommended retail prices

Your Comfortable workspace

The Renault Master Efficient, practical and versatile

The Master Van has been specifically designed to adapt to the most demanding requirements with load volumes up to 17 m³ and payloads up to 1610 kg (3.5T versions) and 2254 kg (4.5T versions). There are many factory conversions to choose from, including tippers, dropsides, box vans, minibuses and luton vans. There is also a wide range of different platform and chassis cab versions that can be converted into a vast array of other products, from wheelchair access minibuses and refrigerated vans, to ambulances. To make your working day even easier and safer, a new generation ESC with Hill Start Assist, Grip Xtend and Trailer Swing Assist now comes as standard on every version.

3.

4.

5.

6.

7.

1. A comfortable workspace. Optimal visibility, ergonomic control and adjustable driver's position. **2. Plenty of storage.** Cup holders, dashboard, underseat... Everything is close to hand. **3. Pivoting seatback table.** Located in the central front passenger seat (with clipboard holder). **4. Smartphone cradle.** Adjustable for height and width, the smartphone cradle accommodates most sizes, meaning you're always connected. **5. Bluetooth and DAB radio.** Standard on every version. **6. Comfort every day.** The specially contoured driver's seat with added lateral support features height and lumbar adjustment as standard, plus an armrest. **7. R-Link Evolution Multimedia system.** Guides you easily to your destination. Opt for live services to get traffic news in real time and warnings of accident black spots.

ENERGY dCi Engine

Double the performance

The Master engine benefits from the best in modern technology. It consists of a variable geometry turbocharger (dCi 110 hp, dCi 125 hp and dCi 150 hp) and Twin Turbo (ENERGY dCi 135 hp and ENERGY dCi 165 hp), thus offering a large range of engines to meet everyone's needs.

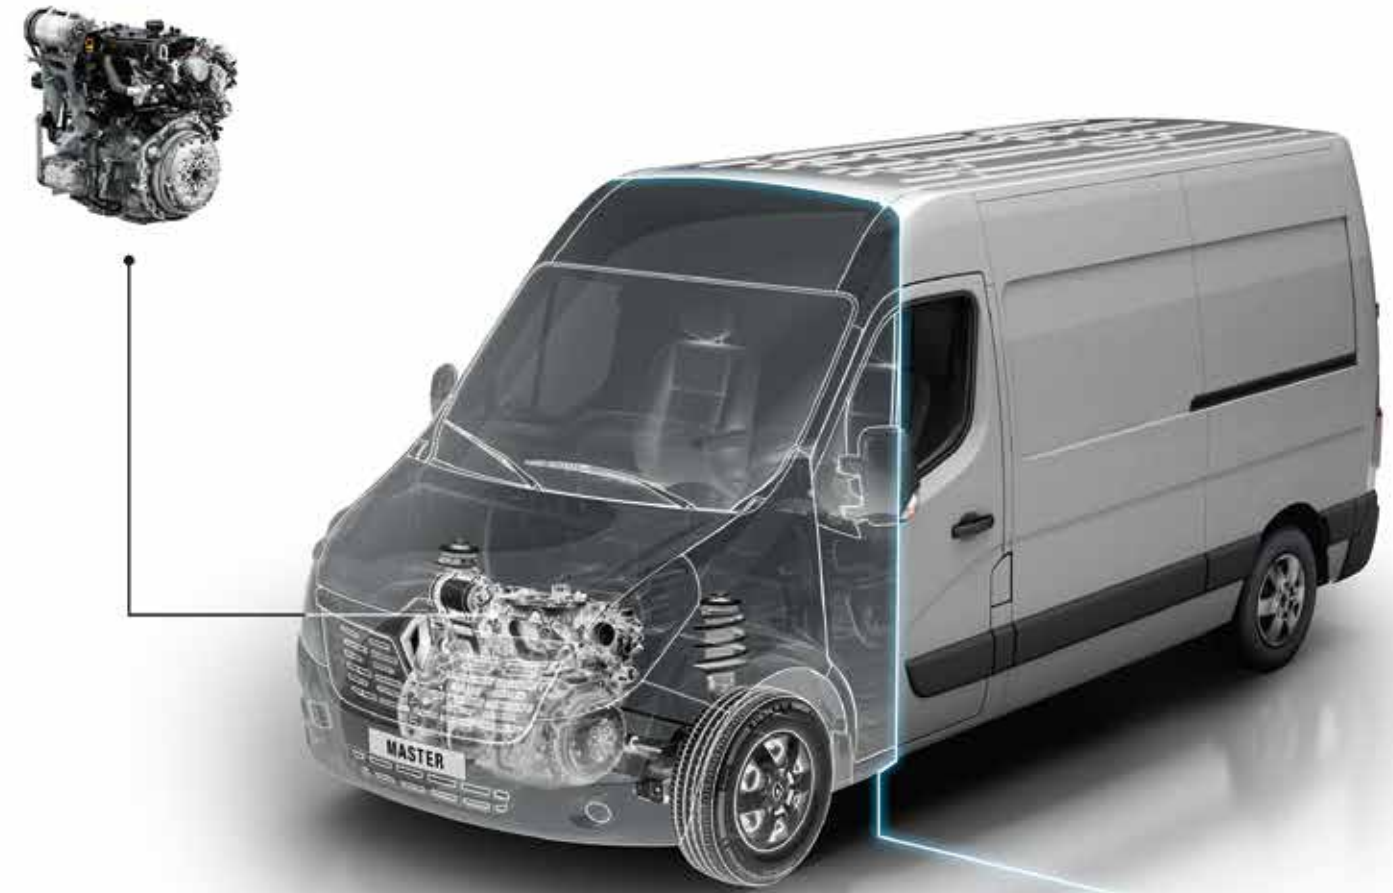

The Twin Turbo engine, with Stop & Start technology and the new regenerative braking system (Energy Smart Management), helps Master achieve fuel economy of up to 40.9mpg (LCV) or 44.8mpg (Passenger) helping you to minimise fuel costs.

The double stage turbocharging allows for flexible driving and instant pick-up, even under load, all the while giving more power at high speeds:

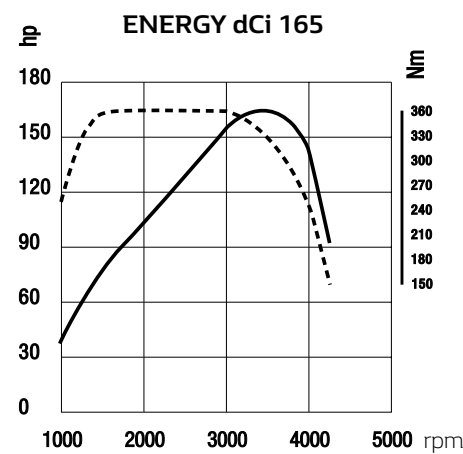

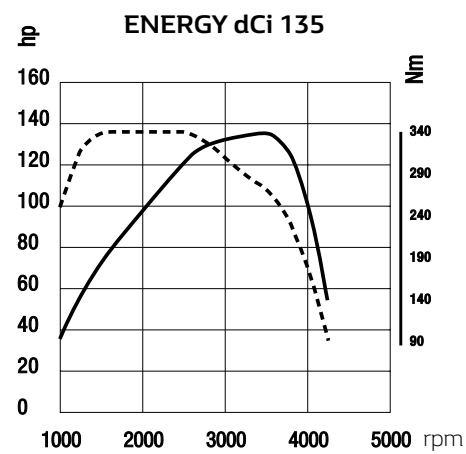

- The first low inertia turbo provides high torque from low speeds to give you greater responsiveness when pulling away and restarting.
- The second turbo takes over at high speeds, it lets you call for more power for constant, smooth acceleration.

Better fuel economy and more driving pleasure!
With Master, you win either way.

*Approved conditions according to applicable regulations.

Euro 5

--- Torque (Nm)
— Power (hp)

Drawing on Renault's Formula 1 expertise, the Master offers a range of engines that bring together economy, flexibility and performance. The ENERGY dCi Twin Turbo engine meets the challenge of improving fuel economy above 40mpg, while maintaining driving pleasure.

For your everyday needs

Everyday practicality

For the Master, Renault has developed clever solutions to make the cabin and loading area more practical. With up to 17 m³ of load volume in the load area and a full width maximum load length of 4383 mm, Master offers endless possibilities.

The Master uses a range of features to offer you everyday practicality for your everyday needs. Built into the passenger sun visor mirror, Renault's innovative wide view mirror helps you see into your blind spot - a simple solution recently awarded 'WhatVan? Innovation Award 2015'. Equally as innovative, by pushing the ECO mode button, throttle response is optimised for maximum fuel economy with up to 10% improved mpg - standard on dCi 135 hp and dCi 165 hp Twin Turbo ENERGY engines. Master gives you the ability to stay connected through a variety of practical features: USB and AUX functionality allow convenient charging and multimedia capabilities, whilst the overhead parcel shelf and capacious underseat storage ensures large objects are close to hand. To further enhance the practicality of Master a wide range of accessories are available.

All businesses will find a Master model to suit their needs. Renault has equipped the Master with everything you need to build a bespoke conversion and offers a network of accredited converter partners. The possibilities are endless!

Hands-free key card

Underseat storage

Versatile

Europe's No. 1 Van manufacturer Renault can propose a wide range of Master variants to suit your specific needs.

Panel and Crew Van

Choose from 4 wheelbase lengths and 3 roof heights on Panel Vans. Need to get tools and a team to site? The Crew Van has seating for 7 and can still carry the tools you need for the job – safely and securely.

Conversion

A comprehensive range of factory converted products that are available to order directly from our dealer network as a 'one stop shop'.

Passenger

With seating for up to 17 people the Master Passenger is the ultimate way to transport clients, employees or the family.

Safe

The Master boasts very high levels of active and passive safety, to ensure you work in serenity.

2.

3.

4.

5.

6.

1. **Grip Xtend.** Over loose surfaces such as gravel, light snow and mud, engage Grip Xtend and one wheel will be allowed to spin to help you gain traction. 2. **Hill Start Assist.** Makes Hill Start easy as the vehicle is held on an incline without the use of the handbrake, for 2 seconds while you engage gear and apply power 3. **Wide View mirror.** Built into the passenger sun visor mirror, this simple solution helps you to see into your blind spot. 4. **Rear parking sensors.** Manoeuvre more safely around town or on a worksite. 5. **Trailer Swing Assist.** Coupled with the ESC, it detects the oscillations, applies brakes and reduces the torque and power until the oscillations stop. 6. **Electronic Stability Control.** Helps you avoid collisions by detecting and reducing the danger of skidding, or losing control as a result of over-steering.

Stay connected

R-Link

Integrated 7" touchscreen multimedia system (with navigation). In addition to its many built-in features below, there are also applications to download from the R-Link Store. You can control it from the screen, steering wheel controls or even voice command.

- 1. Main menu with 6 icons:** Discover the six available menus: navigation, multimedia, telephony, vehicle information, services and applications, system settings.
- 2. Touchscreen navigation system** provided by TomTom® (12 months subscription to LIVE services from delivery).
- 3. Multimedia** FM/AM/DAB tuner, connect devices via USB and AUX sockets or Bluetooth®.
- 4. Reverse parking camera system** Rear parking sensors with reversing camera, which displays the image on the navigation system screen alongside guidance aids.
- 5. Vehicle information** The fun "Eco Driving" coach gives you handy tips to improve your driving style and reduce your fuel consumption.
- 6. Voice control** Set your destination, call a contact or launch an application with voice control.

R&GO

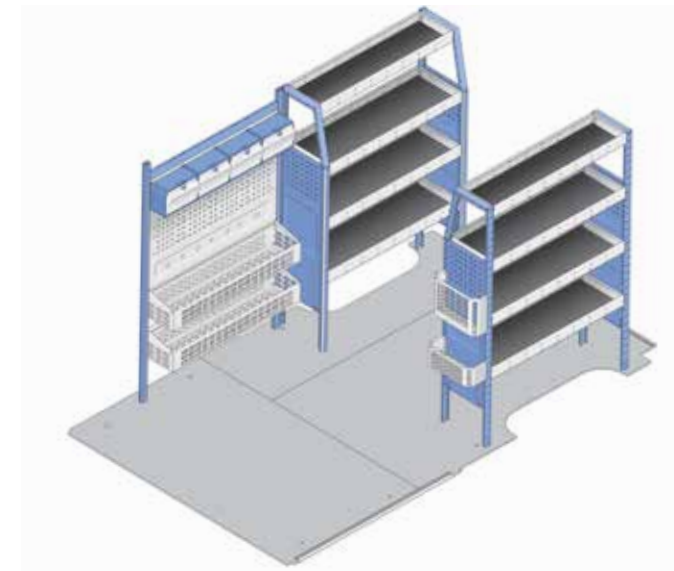

Is an application that turns your smartphone or tablet into a touchscreen for your dashboard! The key features of the app are: **Navigation.** 3D vehicle navigation provided by CoPilot. **Vehicle.** Eco driving score, fuel consumption info, trip computer and rev counter available. The R&GO application is free to download for compatible Android and iOS smartphones.†

† For compatible devices please refer to <https://www.renault.co.uk/services/multimedia/bluetooth-compatibility.html>

READY WORK 4

For professionals that need to store tools and equipment, the Ready4Work system arrives at your dealer fitted so you can get straight to work. There is a choice of two specifications to suit your needs (MWB only)

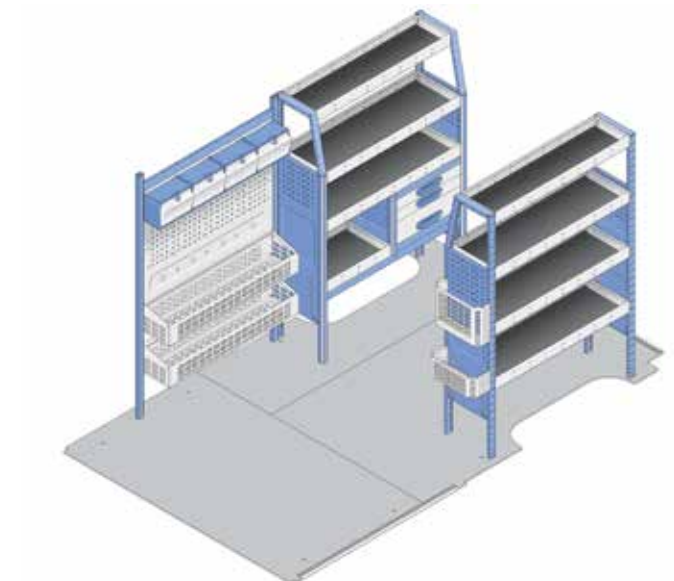

Basic Storage System

The Basic Storage System has been designed to provide engineering tradesmen with an economical racking system suitable for the storage of a wide range of tools, components and accessories, with the option to add additional features.

The system comprises three pre-assembled sections designed for simple and rapid installation whilst providing a safe and roadworthy installation.

Construction

A two part phenolic coated floor (cut 9mm plywood base with anti-slip phenolic coating to the top face). This fits directly into the vehicle without drilling, pre-fitted attachment brackets connect to the existing load lashing points.

Specialist Storage System

The Specialist Storage System is constructed from the same lightweight high strength steel materials as the Basic Storage System.

This system has been designed to suit the more specialised tradesman, requiring an improved system for the storage of tools and service equipment.

Construction

The rear left-hand unit and right-hand forward tool panel assembly, including x3 Euro Bins and x2 750mm Storage Baskets are identical to Kit 1.

The rear right-hand unit now also includes:

An additional high quality tool storage system comprising a telescopic drawer unit module consisting of x2 500mm wide x 355mm deep x 75mm high drawers and x1 500mm wide x 355mm deep x 150mm high drawer. Adjacent to the drawer unit is a 500mm wide x 355mm deep x 75mm high shelf.

Master Panel Van and Crew Van - Standard Features

Business

Technology

- Radio with DAB, Bluetooth, CD and USB
- 12v power socket (dashboard) and centre console
- 6 speed gearbox
- ESC (Electronic Stability Control) with Grip Xtend, Hill Start Assist and Trailer Swing Assist
- Trip computer - multi-functional with rev counter

Interior

- Closed glove box
- 2 cup holders on centre console
- Driver's seat - height adjustable, lumbar adjustment and armrest
- Steering wheel - height adjustment
- Electric front windows
- Passenger bench seat
- Overhead parcel shelf
- KALEIDO - Dark grey upholstery

Exterior

- Left side loading door - unglazed
- 80-litre fuel tank
- Door mirrors - electric adjustment, heated
- 16" steel wheels with small wheel stylers
- Rear doors - unglazed, 180°
- Spare wheel

Safety and security

- Full steel bulkhead
- ABS with EBD (Electronic Brake force Distribution)
- Electronic immobiliser
- Remote central locking (2 button key)
- Airbag - driver
- Seatbelts - 3 point height-adjustable seatbelts with pretensioners
- 4 disc brakes
- Alarm pre-wiring
- Deadlocking
- Anchorage points : 8 for Short Wheel base (SWB) and 10 for Medium and Long Wheel Base (LWB)

Additional standard equipment on Crew Vans

- 2nd row of 4 passenger seats
- Integrated storage nets and cup holders
- Left and right side loading doors - glazed
- Bulkhead - full steel with glazing

RWD additional equipment

- Rear step
- Side marker lights (LWB or MWB with extended overhang only)
- Engine speed limiter 56mph (to meet legal requirement) - 4.5T version only
- Digital tachograph (4.5T version only) and CAN interface unit

Business+ Additional equipment to Business

Interior

- Manual air conditioning and pollen filter
- Electric front windows - driver's side one-touch descending
- Dashboard storage compartment lid
- Pivoting seatback table with dual split underseat storage compartment
- FUNAIA upholstery
- 12V power socket in load area

Exterior

- 16" steel wheels with large wheel stylers

Safety and security

- Wide View Mirror
- Rear parking sensors
- Hands free key
- Clipboard holder (for A5 or bigger note block)

BUSINESS+ MWB MEDIUM ROOF - 7 SEATS									
FWD MM35 dCi 125	125	211	36.2	6.9	1368	29,200.00	5,840.00	35,040.00	£35,925.00

¹Manufacturer's On The Road Recommended Retail Price includes delivery to the dealer premises, number plates, two one-litre bottles of oil, 12 months government road fund licence (depending on CO₂ emissions) and the First Registration Fee of £55. Other goods or services supplied by agreement between the customer and the dealer are not included. *Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and a reduced Payload.

*Unless otherwise stated, dimensions are indicated in mm and weights in kg. *Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and a reduced Payload.

*Unless otherwise stated, dimensions are indicated in mm and weights in kg. *Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and a reduced Payload.

Master Conversions

Renault offers a comprehensive range of factory converted products that are available to order directly from our dealer network as a 'one stop shop'. These vehicles are provided with a full manufacturer warranty (4 years, 100,000 miles). If the factory products are not quite what you are looking for, we also offer a range of chassis and platform cabs that can be converted to meet your exact needs.

Accredited Converters compliment our range of factory products by offering bespoke solutions to meet specific customer needs. Renault works closely with a number of Accredited Converters. Details of these can be found on www.conversions.renault.co.uk

To be accredited, converters are assessed on their technical and quality processes and standards by a dedicated team from Renault. They then receive specialist support and backup. This ensures that the quality of the conversion meets the standards expected by Renault and that the conversion will meet all legal and technical requirements.

Regular assessments and quality training are provided to the converters to ensure that these high standards are maintained.

Renault takes responsibility for the base vehicle, and the converter is responsible for all aspects of the conversion, and in most cases the conversion will match the base vehicle warranty.*

Renault, along with its dealers and accredited converters welcome any opportunity to provide bespoke solutions – contact your local dealer to discuss your specific requirements. Further assistance is also available by contacting the **Converter Hotline on 0800 040 7343** or e-mail converterhotline@renault.co.uk

*Some exceptions apply (please check with your supplying dealer for the converter warranty statement)

Standard Features

Business

- Technology
- 4 years warranty (100k miles) and 4 years free roadside assistance
- Radio with DAB, Bluetooth, CD and USB
- 6 speed gearbox
- ESC (Electronic Stability Control) with Grip Xtend, Hill Start Assist and Trailer Swing Assist
- Trip computer - multi-functional with rev counter

- Interior
- Closed glove box
- 2 cup holders on centre console
- Driver's seat - height adjustable, lumbar adjustment and armrest
- Steering wheel - height adjustment
- Electric front windows
- Passenger bench seat
- Overhead parcel shelf
- KALEIDO - Dark grey upholstery

- Exterior
- 80-litre fuel tank
- Door mirrors - electric adjustment, heated
- 16" steel wheels with small wheel stylers
- Side marker lights wiring (on LL MLL LLL versions only)
- Spare wheel

- Safety and Security
- Full steel bulkhead
- ABS with EBD (Electronic Brake force Distribution)
- Electronic immobiliser
- Remote central locking (2 button key)
- Airbag - driver
- Bulkhead - full steel with glazing (full steel bulkhead on Platform Cab and Luton Loloader, unglazed)
- 4 disc brakes
- Alarm pre-wiring
- Deadlocking

- Additional Equipment on RWD versions
- Digital tachograph (4.5T versions only) and CAN interface unit
- Engine speed limiter 56mph (to meet legal requirement) (4.5T version only)

- Additional Equipment on Double Cab versions
- Second row of 4 passenger seats
- Left and right rear lateral doors - glazed

- Additional standard Dropside features
- Hot-galvanised steel front side panel and platform
- Anti-slip wooden floor
- Anchorage points in loading area (6 to 8 depending on version)
- Folding and removable aluminium side and rear panels (400mm high)
- Foldaway step on rear side panel
- Aluminium cab protecting grid with ladder/long object rack

- Additional standard Tipper features
- Rear tipping "Scattolini" body (45°)
- Hot-galvanised steel loading deck (2 mm thick)
- Aluminium side and rear panels (400 mm high)
- Aluminium cab protecting grid with ladder/long object rack

- Additional standard Box Van
- Polyester walls with aluminium reinforcement (4 mm thick)
- 15 mm thick floor
- Clear glass fibre roof
- Interior fitting with 3 protective pads / 2 lashing rails
- Rear doors - roller shutter

*Manufacturer's 'On The Road' Recommended Retail Price Includes delivery to the dealer premises, number plates, two one-litre bottles of oil, 12 months government road fund licence (depending on CO₂ emissions) and the First Registration Fee of £55. Other goods or services supplied by agreement between the customer and the dealer are not included. No CO₂ or MPG data published for various versions as the final kerb weight of the vehicle is not defined until the body is fitted. *Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and a reduced Payload.

*Unless otherwise stated, dimensions are indicated in mm and weights in kg. *Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and a reduced Payload.

*Unless otherwise stated, dimensions are indicated in mm and weights in kg. [^]Payload equals the Maximum Operating Mass (Gross Vehicle Mass or GVW) less the Kerb Mass. Kerb Mass is the weight of the complete vehicle including coolant, oil, a 90% full fuel tank, spare wheel and jack, but excluding driver and crew. All Kerb Masses, and therefore Payloads quoted are subject to manufacturing tolerances and are based on the base level model. Any additional equipment added (options or accessories), or the selection of a higher trim level, can result in a higher Kerb Mass and a reduced Payload.

Master Passenger Vehicles

17 Seat Minibus - Peace of mind with quality assured

The Master 17 Seat Minibus has been widely recognised as one of the most stylish and quality-finished minibuses in the UK market. The vehicle has been equipped to provide for both group transport and private hire markets, with features tailored to both types of operation. The vehicle is also currently one of the very best in terms of ownership costs.

Tailored features such as the auto-engaging electric side step and Bluetooth® help to make the Master 17 Seat Minibus one of the best-equipped factory built minibuses in the UK market, with lane departure warning and high low beam as standard, giving complete comfort and convenience for driver and passengers alike.

This M2 European Whole Vehicle Type Approved vehicle (ECWVTA 2001/85/EC107) offers full peace of mind to both the customer and operator. The seats are M1 homologated and therefore have a car level of safety and security, again providing that reassurance for carrying your most precious of cargo – people!

As factory products, both the 17 Seat Minibus and the 6 and 9 Seat Combi also boast full 4 year manufacturer warranty and 4 years' roadside cover – exactly like buying any Renault car or van, with no third party involved!

Combi – combine space and practicality

The 6 and 9 Seat Master Combi is ideal for shuttle bus operators, fleet operators and private customers requiring more spacious multi-person transport than Crew Vans or smaller passenger vehicles can provide. The vehicle provides value for money and highly competitive fuel economy. This versatile people mover provides the customer all the comfort of the award-winning Master Van, with class-leading cabin ergonomics and a vast array of options to suit all customer and passenger needs for this highly spacious practical vehicle.

Master Passenger - Features and Options

1. (a) Rear light operation (b) Rear air conditioning operation. 2. Individual air vents and LED spotlights. 3. R-Link Evolution. 4. FUNAIA upholstery standard on Minibus, optional on Combi. 5. Electric side step. 6. Overhead storage rack above rear seats. 7. Overhead parcel shelf above driver cabin. 8. KALEIDO upholstery standard on Combi.

Please note that equipment pictured may be optional depending on version.

Master Passenger Range - Standard Features

Standard

On all Master Passenger and Trabus Versions

- Technology**
 - 4 years warranty (100k miles) and 4 years free roadside assistance
 - DAB radio CD USB & Bluetooth
 - 6 speed gearbox
 - ESC (Electronic Stability Control) with Grip Xtend, Hill Start Assist and Tractor Swing Assist
 - Electronic Immobiliser
 - Trip computer - multi-functional with rev counter
 - 70A alternator

- Interior**
 - Closed glove box
 - 2 cup holders on centrale console
 - Driver's seat - height adjustable, lumbar adjustment and armrest
 - Steering wheel - height adjustment
 - Electric front windows

- Exterior**
 - Left side loading door - glazed
 - 80-litre fuel tank
 - 20-litre AdBlue® tank
 - Door mirrors - electric adjustment, heated
 - Left and right side quarter panels - glazed with non opening windows
 - Rear doors - glazed, 180°
 - Side marker lights
 - 16" steel wheels with small wheel stylers

- Safety and Security**
 - ABS with EBD (Electronic Brake force Distribution)
 - Remote central locking (2 button key)
 - Airbag- driver
 - Seatbelts - 3 point height-adjustable seatbelts with pretensioners (front only)
 - 4 disc brakes
 - Alarm pre-wiring

Combi

Additional equipment to STANDARD - specific to COMBI

- Technology**
 - Deadlocking
- Interior**
 - Adjustable headrests
 - Anchorage points (6)
 - ISOFIX (2 seats)
 - KALEIDO upholstery - dark grey

Trabus*

Additional equipment to standard - specific to trabus

- Technology**
 - Deadlocking
- Interior**
 - Rear anchorage points
 - No bulkhead or rear seats
 - KALEIDO upholstery - dark grey

- Exterior**
 - Side marker lights (LWB only)

- Safety and Security**
 - Engine speed limiter - 62mph/100kmh (to meet legal requirement)
 - Lane departure warning
 - Automatic high low beam and front fog lights

*Designed with 2nd stage conversion in mind, the Renault Master Trabus is available as a glazed panel van (no bulkhead), or in platform cab form. Both versions in standard form are specifically homologated "M2" for passenger transport at 3.9t GVW. The converter must complete the relevant 2nd stage type approval to enable registration. There are no seats, seat mountings or trim within the load area. For further information please contact the Renault Converter Hotline on 0800 040 7343

EURO 6 and AdBlue®

Ensuring our customers take advantage of the latest engine technology, the Master Passenger comes equipped with the latest Euro 6 compliant engines. Featuring an upgraded SCR (Selective Catalytic Reduction) system, these ENERGY engines cut harmful Nitrous Oxides (NOx) emissions by over half through injecting AdBlue® solution into the exhaust gases.

AdBlue® is a clear, non-toxic and non-flammable water-based, high purity operating fluid, which is added downstream of the engine in the exhaust system, meaning you still receive the maximum efficiency from all our engines whilst reducing harmful pollutants.

Master - Accessories

TOWBARS 1. Universal Coupling 2. 'Pintle Hook' with ball 3. Standard Ball: Renault goes above and beyond even the strictest European standards (CE 94/20). Thanks to further testing, Renault have also made sure that your vehicle won't be damaged, even with intensive commercial towbar use. Renault also take the most demanding climatic conditions into account by applying an anti-corrosion surface treatment. A range of different tow balls and hitches are also available

4-5. Aluminium Roof Rack, Walkway and Ladder: Specially designed for the Master, the aluminium roof rack is equipped with a rear sliding roller to aid loading. The maximum load is 149 kg, the galvanised steel ladder and walkway facilitate loading onto the rack. **6. Roof Bars:** Available in pairs, these bars can carry up to 89 kg (per pair). Made from aluminium, they have been intensively tested to guarantee performance and resistance to corrosion. **7. Rear Protective Windows Grills:** Window protection grilles designed specifically for your Master. Protects goods being transported whilst maintaining a clear rear view. **8. Ply Lining:** Protect the interior of your Master with our hardwearing, bespoke ply lining. The price includes fitting by Renault. Our lining kits are fitted without any alteration/drilling to the vehicle structure, ensuring that the paint and anti corrosion warranties remain intact.

1. Standard Carpet Mats: Protect your Master from everyday dirt, wear and tear with a set of genuine Renault mats. Available in carpet or rubber to suit your lifestyle, Renault mats are made to measure for your vehicle. **2. Alarm:** Protect your Master. **3. Catalytic Converter Protector:** Specialist anti-theft device to protect your catalytic converter from theft.

Master - Servicing Grid

CONTENT	DURATION	BASIC PRICE (£)	TOTAL RETAIL PRICE
Servicing only	3 years / 42,000 miles	199.00	£238.80
Servicing only	4 years / 66,000 miles	529.00	£634.80
Servicing only	4 years / 90,000 miles	719.00	£862.80

Contracts must be paid in full at the time of purchase and can be purchased up to one year after vehicle registration, or before the first service is due.

Terms & Conditions:

Servicing only: Covers vans for manufacturer servicing up to the age and mileage limit stated, whichever comes first. Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals within +/- 1 month or 1,000 miles of the service interval and can only be carried out at a Renault Approved UK outlet. For manufacturer's minimum maintenance programme full details please refer to the warranty and service sheet in your handover folder. Service plan does not cover wear and tear items such as (but not limited to) tyres, brakes, wiper blades or brakes.

A sign of service

Renault Pro+

A forerunner in service since the creation of Renault Business Centres in 1999, of which there are now more than 700 outlets in 20 countries, today Renault reinforces its services for professionals and commercial vehicle customers with nationwide "Renault Pro+ Dealer" coverage. For more information, visit www.renault.co.uk/vans

At Renault, we understand that your vehicles are your most important work tool and so the Renault Pro+ network is guided by three main principles:

01 The expertise of your advisor who has an extensive understanding of your trade

At Renault Pro+ you are dealing with professionals: all of our employees are trained with your professional needs in mind. With their knowledge of commercial vehicles and fleet business, they are able to take care of your operational needs and create mobility solutions tailor made for you.

02 A 'One Stop Shop' where all your service needs are taken care of to guarantee your mobility

Because you need to save time, all Renault services have been relocated to a bespoke centre, providing new and used vehicle sales, after sales, finance, service and maintenance.

03 The Renault Pro+ business customers promise

To ensure your business minimizes unproductive time off the road, Renault Pro+ offers you:

- Specialist commercial vehicle sales and after sales advisors.
- A comprehensive display of commercial products, including converted vehicles.
- A large choice of commercial vehicle available for test drives.
- A personalised finance proposal in under 48 hours.
- Extended Service hours for business users.
- A detailed invoice and an estimation of work time for all repair work.
- A courtesy vehicle, most applicable to your needs.
- Maintenance and repair work for vehicles up to 7 tonnes in weight.
- Within the hour diagnostics.
- A maximum 48 hours lead time for service and repair.

4+ FOUR YEARS WARRANTY & RENAULT ASSISTANCE

WITH 4 YEARS WARRANTY AND RENAULT ASSISTANCE AS STANDARD

4 YEARS WARRANTY

Your vehicle is covered by a warranty package for up to 4 years /100,000 miles (whichever comes first). The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Your dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by Renault. The paintwork warranty runs for a period of 3 years and the anti-corrosion warranty for a period of 6 years.

4 YEARS RENAULT ASSISTANCE

Should you need it, we'll provide emergency roadside repairs or tow you to the nearest Renault dealer. This service is available 24 hours a day, every day of the year. Renault Assistance Cover provided from months 0 to 48 includes, assistance at the roadside and home, national recovery, onward travel with European cover from months 0 to 36 only. Cover includes mechanical or electrical defects covered by the warranty.

FINANCE OPTIONS

There are a wide variety of ways in which the purchase of a new vehicle can be financed. Renault Finance offers all of them, so whether you're a fleet buyer or private buyer, Renault Finance is ideally placed to tell you which plan or combination of plans best suits your needs and circumstances.

4+ The 2015 4+ package applicable to new vehicles when ordered from a UK Renault Approved Dealer from 1 January 2015. All vehicles provided with 4 years' warranty and Renault Assistance as standard. For warranty exclusions refer to Terms & Conditions. For full Renault Warranty Terms and Conditions visit www.renault.co.uk/warranty. For Renault Assistance Terms and Conditions visit www.renault.co.uk/assistance. The Renault Service Plan covers the manufacturer's minimum maintenance programme requirements for the term and of the plan purchased (refer to the Warranty and Service sheet in the Handover Document wallet for details). The plan ends when you reach the age or mileage limit (whichever comes first). Services must be carried out in line with the servicing intervals and can only be carried out at a Renault Approved UK outlet. To qualify you must order and purchase the Service Plan from a Renault Approved UK outlet before the first service is due or 12,000 miles (whichever comes first). Cannot be part exchanged, refunded or transferred. Finance provided by RCI Financial Services Ltd, P.O. Box 149, Watford, WD17 1FJ. Guarantees and indemnities may be required. You must be at least 18 and a UK resident (excludes Isle of Man and Channel Islands) to apply. Subject to status, terms and conditions apply.

RENAULT INSURANCE

A van as well designed as your Renault deserves an insurance policy to match. Renault Van Insurance has been specifically created to provide superb protection for you and your van. In addition to a very competitive premium, Renault Van Insurance also includes:

- Your van returned to its pre-accident condition;
 - A like for like replacement if written off in first 12 months of registration;
 - Signage cover included in your premium;
 - Windscreen cover;
 - All repairs carried out by Renault Approved Accident Repair Centres which ensure the repair to manufacturer standards;
 - Genuine Renault Parts to safeguard your warranty and to preserve the safety found in all our vehicles
- Renault Van Insurance offers unbeatable protection, only fitting genuine Renault replacement parts at Renault Approved Accident Repair Centres.

If you need any help, or have any questions please do not hesitate to contact us and we will be happy to talk things through with you. Our lines open 8am – 8pm weekdays, 9am – 5pm Saturdays and 10am – 3pm Sunday. Calls may be recorded. All quotes are based on individual circumstance and subject to insurers underwriting criteria.

Renault Insurance is arranged and administered by iGO4 Partners Limited which is authorised and regulated by the Financial Conduct Authority. Financial Services Registration Number 490061. Registered Office: Sundance House, Staniland Way, Werrington, Peterborough, PE4 6JT.

Registered in England & Wales No. 6710272.
